

NPH-1200N

High Speed 13" Digital Laminator

Designed for commercial use, this 4-roller Laminator has all the advanced features desired by professional users.

HIGHLIGHTS

- **Fast** - Laminates over 30" per minute
- **Programmable** - 7 easy to use memory and speed settings and LCD display panel
- **High Quality** - 4 roller system with precise speed, heat and roller pressure deliver wrinkle and bubble free lamination
- **Versatile** - Accepts hot and cold film from 3-10 mil thick & mounting board up to 80 mil
- **Durable** - Built with heavy duty motor for continuous use

The Royal Sovereign NPH-1200N 13" laminator has a 4-roller system that provides professional lamination and helps eliminate wrinkles and bubbles. There are 7 memory and speed settings for your specific lamination needs. The automatic cooling system rotates rollers after lamination to prevent damage and extend the life of the machine. The detachable cover provides easy access to clean the rollers. Current roller temperature can be checked during lamination. Accepts pouch film 3-10 mil thick and is able to laminate mounting boards up to 80 mil.

Convenient, easy to read LCD Display with programmable digital lamination settings.
